

**Hewlett Packard
Enterprise**

Moving to the New Style of Business

**Transformation Areas and technology
enablers**

New Style of Business through 4 Transformation Areas

Trasform to a hybrid infrastructure

**Soluzioni IT complete
che supportano le
aziende nella
trasformazione dell'IT**

Transform
to a hybrid
infrastructure

Cloud ibrido
Open, Ibrido, IaaS/SaaS/PaaS

Composable infrastructure
Infrastructure as a Code

**Gestione integrata di
infrastruttura e applicativi**

Architetture IT specializzate
Soluzioni flessibili e modulari per
differenti necessita' applicative

Cloud ibrido

**Cloud
Software**

HPE Cloud Service Automation

Cloud management platform

HPE Helion OpenStack®

Open source IaaS

**HPE Helion Development
Platform**

Open source PaaS

HPE Helion Eucalyptus

AWS compatible private cloud software

**Integrated
Solutions**

HPE Helion CloudSystem Solution

Fully-Integrated hybrid cloud solution

HPE Helion Rack

OpenStack-based private cloud solution

HPE Helion Content Depot

OpenStack Swift-based Object Storage solution

HPE Azure Hyper Converged

Azure hybrid cloud solution

**Managed
Services**

**HPE Helion Managed Virtual Private
Cloud**

Secure, Multi-Tenant Private Cloud

HPE Helion Managed Private Cloud

Secure, Dedicated Private Cloud

**HPE Helion Managed Cloud
Applications**

ERP, CRM and workplace applications

HPE Professional Services

Soluzione integrate di cloud ibrido con Microsoft Azure

HPE Hyper Converged 250 per Microsoft CPS Standard

On-premises Azure

Windows Server 2012 R2 Azure Pack
System Center

HPE Hyper Converged 250

Self-service: rapida predisposizione di risorse identiche a quelle on premise

Elasticita': risorse possono facilmente scalare sia in aggiunta che in diminuzione

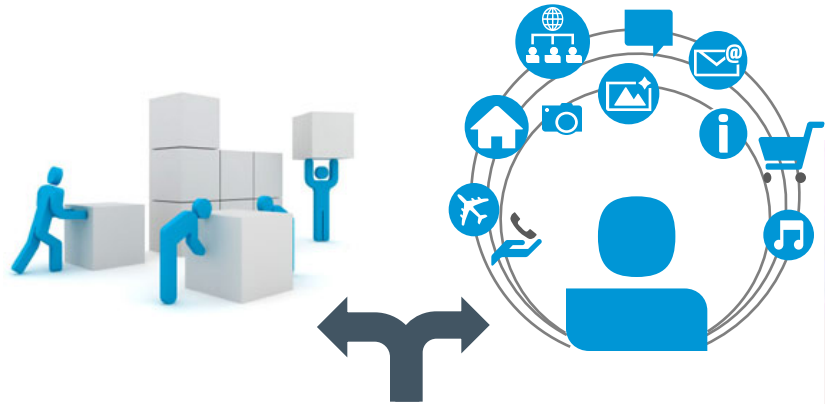

Backup

Bursting

DR/BC

Composable infrastructure: HPE Synergy

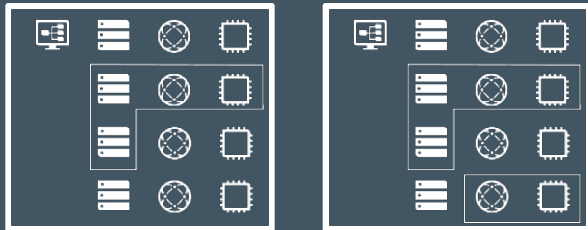

World's **first** platform architected for Composable Infrastructure

Unified, open API

SW Defined Intelligence

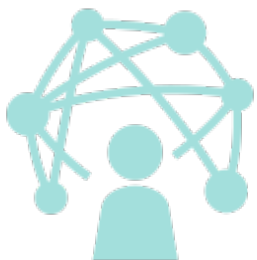

Resource Pools

Gestione integrata

Automazione, orchestrazione e gestione del ciclo di vita applicativo

**Semplificazione delle attività
di gestione del data center**

HPE OneView

**Ottimizzazione dell'utilizzo
delle risorse tramite
automazione e orchestrazione**

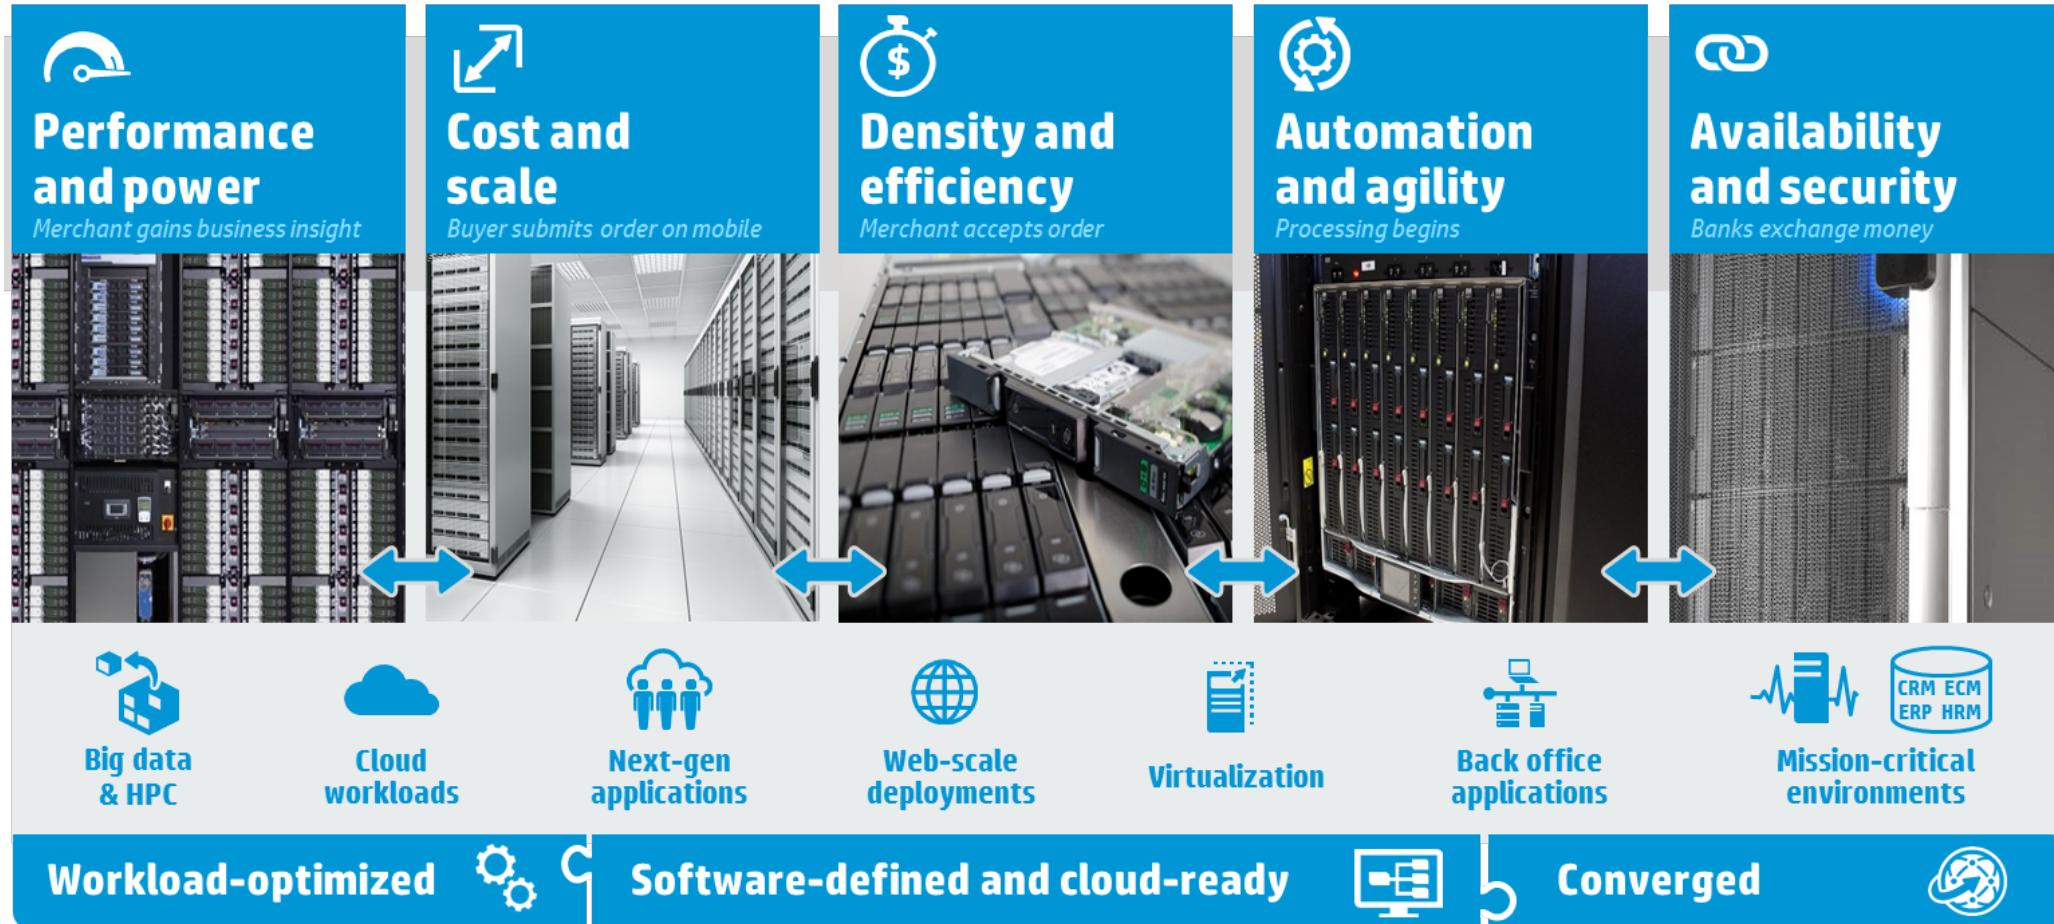

HPE Automation

**Gestione controllata dei
rollout applicativi**

HPE Application Lifecycle
Management

Architetture IT specializzate e ottimizzate per differenti esigenze applicative

HPE's compute portfolio

Converged Systems: Software Defined & Cloud ready

CS200-HC

CS700 for IaaS

CS700 for MSFT APS

CS500 for SAP HANA

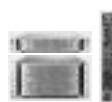

CS900 for SAP HANA

Workload Optimized

Mission-critical environments

HPE ProLiant

HPE Integrity blades & Superdome

HPE Superdome X

Availability

for continuous business

Core Business & Infrastructure Applications

HPE BladeSystem

Convergence

accelerate service, optimized for Virtualization

HPE MicroServer

HPE ProLiant Rack and Tower

Intelligence

increase productivity, TCO optimized

Nex Gen Apps

HPE Moonshot

Optimized for Lowest TCO

Big Data, HPC

HPE Apollo Family

Density & efficiency to scale rapidly

Web Scalability & SP Optimized

HPE Cloudline

Lowest Cost built to Scale

Converged elements

Converged network
HPE Networking

Converged management
HPE OneView

Converged storage
HPE 3PAR & VSA

Global support and services | Consulting | Best-in-class partnerships

Enable workplace productivity

Soluzioni in grado di garantire ai propri clienti nuove modalita' di accesso agli applicativi

Enable
workplace
productivity

Mobility - VDI

Soluzioni e2e per rendere disponibili applicative e dati in mobilita'

Connessione in mobilita'

Soluzioni Wifi scalabili sia per ambienti indoor che outdoor

Enable workplace productivity

Mobility - VDI

**Application
Delivery**

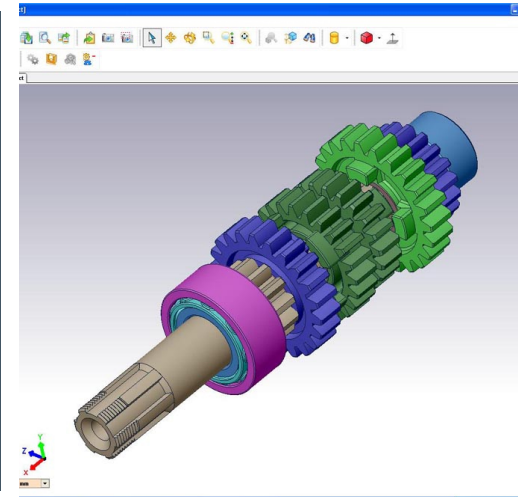

Hosted apps
accessed by
multiple users

**Virtual Desktop Infrastructure
(VDI)**

Hosted desktops as virtual
machines (VMs) (+hypervisor)

**Connessione
wifi**

Empowering the data-driven organization

Soluzioni per l'analisi e gestione di moli ingenti di dati correlate e non correlate (Big Data)

SAP HANA solutions
Appliance e TDI

Brand reputation
Sentiment analysis su canali social

Piattaforme IoT
Analisi di video, M2M data, dati provenienti da wearable devices

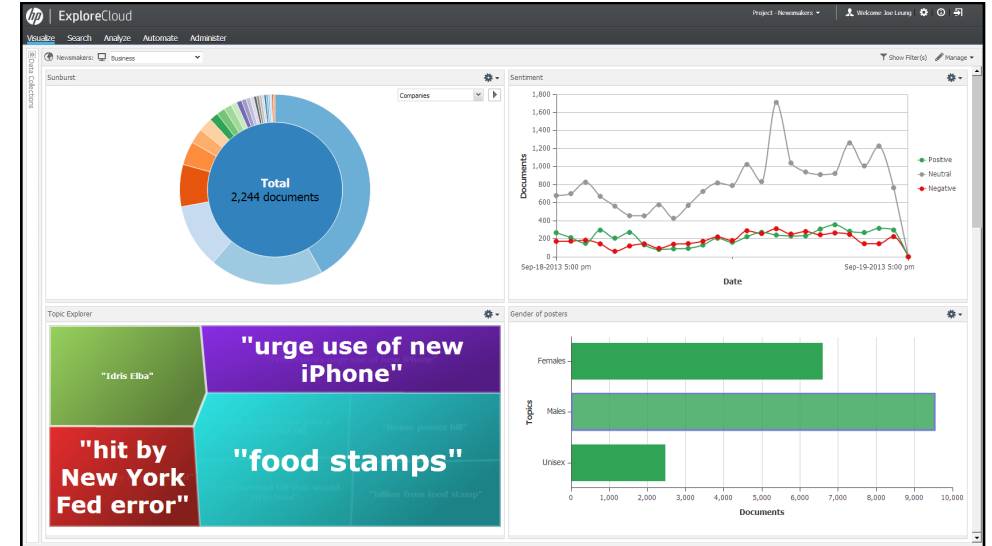

Empower
the data-
driven
organization

Empowering the data-driven organization

Brand reputation

web
mobile
social media
email
contact center
CRM

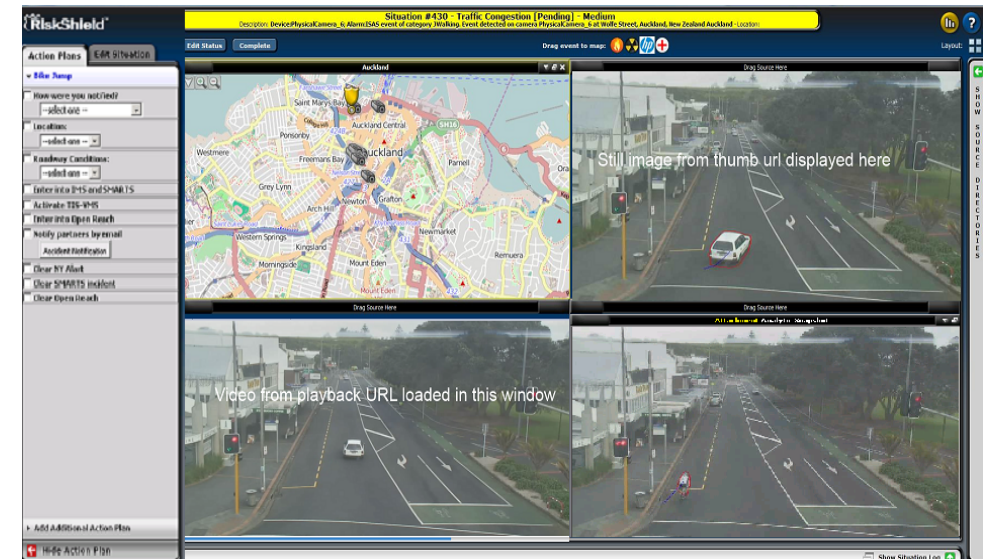

HPE Explore solution
customer insights across
all channels

Analisi video

HPE Media Management solution

Protecting your digital assets

Soluzioni di sicurezza
informatica per la rete, i
sistemi, i dati e gli
applicativi

Protect
your digital
enterprise

Profilazione accessi di rete
Soluzioni di controllo accessi
per reti wifi eterogenee

Sicurezza completa del dato
Sistemi efficienti ed economici
di copia e backup del dato

Some security solutions

Wifi

Wifi secure access

Aruba clearpass

Data protection

Dato criptato,
replicato, backuppato
e archiviato

In house: HPE StoreOnce
Virtual best fit: HPE RMC
Off site: HPE LiveVault
